The Central Yavapai Metropolitan Planning Organization certifies that the 2022 and 2023 Unified Planning Work Program for the Central Yavapai Region has been developed cooperatively and provided opportunities for public participation.

# SECTION I VISION AND MISSION STATEMENTS AND INTRODUCTION

#### VISION STATEMENT

To promote and maintain a regional coordinated transportation system for the safe and efficient movement of people, goods, and services.

# **MISSION STATEMENT**

Use regional leadership in planning and promoting a comprehensive multi-modal transportation system.

# INTRODUCTION

The Unified Planning Work Program (UPWP) is a narrative description of all activities performed by Central Yavapai Metropolitan Planning Organization (CYMPO), as the lead transportation planning agency for each fiscal year in collaboration with members of the Metropolitan Planning Organization (MPO).

The CYMPO Planning Boundary (Figure 1) includes the jurisdictions of Yavapai County, the City of Prescott, Yavapai Prescott Indian Tribe, the Towns of Chino Valley, Prescott Valley and Dewey-Humboldt, as well as the Arizona Department of Transportation (ADOT), United States Department of Agriculture (USDA) and Forest Service. All planning is done in cooperation with the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA).

Reflected in the UPWP are planning activities provided for in the agreements and contractual relationships among the Arizona Department of Transportation (ADOT), the U.S. Department of Transportation, and the Central Yavapai Metropolitan Planning Organization (CYMPO), which was officially designated by the Governor of Arizona in 2003 as the Metropolitan Planning Organization (MPO) for the Central Yavapai region.

The UPWP offers an indication of regional short and long-range transportation planning objectives, the manner in which to achieve these objectives, the budget necessary to sustain the overall planning effort, and the sources of funding for each specific program element. Due to the many regional transportation needs, CYMPO will rely upon external services for accomplishment of various tasks in a quality, professional and timely manner. However, in all cases CYMPO personnel will provide project management and direction to study efforts.

CYMPO provides certain specific contractual services to ADOT in support of its statewide planning and development responsibilities including acting as the Regional Planning Organization (RPO). As the MPO, CYMPO conducts the continuing, coordinated, and comprehensive (3-C) transportation planning process in accordance with Federal law and regulation. The multimodal, multi-jurisdictional nature of the activities in the UPWP necessitates just such a cooperative, coordinated approach to transportation planning for the region. The local elected officials, in collaboration with State and Federal agencies, accomplish this through collective decision-making.

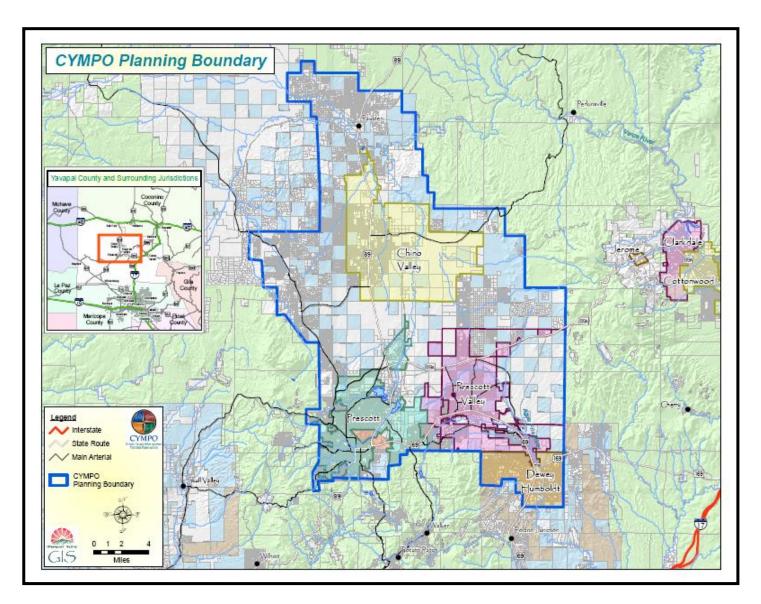

Anticipated in the planning process, is the use of a Technical Advisory and Ecosystem Connectivity and Mitigation Advisory standing committees or other subgroups to advise and guide CYMPO planning projects. When consultant services are used, CYMPO prepares a draft scope of work and presents to the appropriate committee for review, refinement, and endorsement. The committee will review consultant proposals and recommend engagement of consulting firm(s). The consultant's work scope typically groups work into elements/phases containing similar work tasks. The culmination of work elements/phases will be working papers submitted to the committee for review and refinement. Also submitted to the committee for review and refinement is technical data. It is anticipated that the working papers will become chapters in the draft document.

All draft and final draft documents will be submitted to the appropriate committees for review, refinement, and endorsement. Final documents will be submitted for approval. At major milestones, planning activities requiring public input will be submitted to the committees for endorsement prior to formal public invitations announcement. CYMPO, working in collaborative effort with consultant services, will implement the work scope. CYMPO will direct consultant study efforts and provide project management. CYMPO will meet with the appropriate committees to discuss, at a minimum, the project status, time schedule, work tasks, focus areas, growth scenarios, and alternatives for the project.

# SECTION II ORGANIZATION AND MANAGEMENT

# **Staffing Roles and Responsibilities**

CYMPO staff consists of an Executive Director, a Transportation Planner, Transit Planner, and an Administrative Assistant. The CYMPO Executive Board appoints the Executive Director, who then reports directly to them. Additionally, the Executive Director supervises the Transportation Planner, Transit Planner, and Administrative Assistant. Although each employee has an assigned job description, employees work as a team and share responsibilities of the organization to ensure that all assignments are completed.

CYMPO staff members are technically Yavapai County employees on loan to CYMPO. Yavapai County is the human resources and fiduciary arm of CYMPO and provides staffing, purchasing services, accounting services, human resource/payroll services, and policies and procedures. Yavapai County Finance pays all expenses as incurred. ADOT, Yavapai County, the City of Prescott, and the Towns of Prescott Valley, Chino Valley and Dewey-Humboldt then reimburse Yavapai County Finance accordingly.

# **Committee Structures**

**The CYMPO Executive Board** consists of six elected or appointed officials from the City of Prescott, the Towns of Chino Valley, Dewey-Humboldt and Prescott Valley, Yavapai County and ADOT. It is the function of the Executive Board to act as a policy body coordinating transportation planning and related implementation activities within the metropolitan area. The Board must approve all agreements and contracts and the Chair, or designee, must sign all appropriate documents related to contracts and agreements of CYMPO. The positions of Chair, Vice-Chair, and Secretary-Treasurer are elected on an annual basis.

**The CYMPO Technical Advisory Committee (TAC)** is composed of technical and/or managerial staff representatives of the Towns of Chino Valley, Prescott Valley, Dewey-Humboldt, the City of Prescott, and Yavapai County. In addition to the five jurisdictions, ADOT Northwest District Office and Multimodal Planning Division are voting members of the TAC, as is the U.S. Forest Service. The positions of Chair and Vice-Chair are elected on an annual basis.

The TAC works in an advisory role to the Executive Board and its primary responsibility is to conduct technical reviews and analysis regarding project related activity of the Metropolitan Transportation

Improvement Program (MTIP) and the Unified Planning Work Program (UPWP), as well as any related issues directed by CYMPO's Executive Board.

**The CYMPO Ecosystem Connectivity and Mitigation Advisory Committee (EMAC)** is composed of seven voting members from ADOT NW District Environmental, AZ Game & Fish, City of Prescott Community Planning Staff, Prescott National Forest, and three private citizens who reside within the CYMPO planning boundary.

The mission of the EMAC is to study and advocate for the preservation of interconnected ecosystems in the CYMPO Region that will integrate land use and mitigation for natural resource protection, and wildlife habitats into the regional transportation planning and design program. The EMAC reports to the TAC or Executive Board as needed.

All committees adhere to the Arizona Open Meeting Law and abide by the CYMPO Bylaws.

# **Operational Procedures and Bylaws/Agreements, Forms, Certifications and Assurances**

Yavapai County, as the fiduciary agent for CYMPO, sets forth the policies and procedures. CYMPO has established an office policy/procedural manual and updates the manual on a regular basis. The procedures followed are those set forth by Arizona Department of Transportation (ADOT), Federal Highways Administration (FHWA) and Federal Transit Administration (FTA).

CYMPO also works under the Bylaws established in 2003 and as amended in 2009, 2011, 2012 and 2017. An Intergovernmental Agreement (IGA) between CYMPO and The City of Prescott, Yavapai County and the Towns of Chino Valley and Prescott Valley was established in 2003 and amended in 2009 to add the Town of Dewey-Humboldt. There is also an established Intergovernmental Agreement with Yavapai County as well as a Lease Agreement.

CYMPO has an established Procurement Policy that meets all federal requirements, as well as adhering to the Yavapai County Procurement Code. Yavapai County provides an Employee Manual to the CYMPO staff, which includes, but is not limited to, Drug Free Work Environment, Sexual Harassment and Equal Employment Opportunity policies.

CYMPO has an adopted Title VI Policy, Limited English Proficiency Plan, Coordinated Public Transit/Human Services Transportation Plan, Public Involvement Plan, and adheres to ADOT's Disadvantaged Business Enterprise Policy. CYMPO uses the above referenced documents in order to meet the certifications and assurances contained as part of this document and in the daily operation of the MPO.

# SECTION III

# FUNDING DESCRIPTION AND BUDGET SUMMARY

The Arizona Department of Transportation (ADOT) is the designated recipient of the Federal Aid Highway funds used for planning and research purposes. As the designated recipient of the planning funds, ADOT has the responsibility and the authority under **49 CFR Part 18** (Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments) to oversee all activities funded under the Federal Aid Program by the sub-recipients of these funds. ADOT's oversight responsibilities include, but are not limited to, overall work plan review, invoice billing review and approval, MTIP certification, air quality reviews, and quality assurance and quality control of traffic data. Unified Planning Work Programs are funded primarily with Planning funds (PL); however, an MPO may use other eligible funds for their Unified Planning Work Program. This section describes the types of funding sources used for planning.

# Statewide Planning & Research Funds (SPR)

**SPR** funds are federal dollars from the State Planning and Research Program administered by ADOT. Some SPR funds may be allocated to the MPO to help plan for the non-urbanized portion of the MPO. A 20% match is required and must be provided by the local jurisdiction, depending on the project.

# Surface Transportation Program Block Grant Program Funds (STBG)

**STBG** is a federal-aid highway flexible funding program that funds a broad range of surface transportation capital needs including roads, transit, airport access, vanpool, and bicycle and pedestrian facilities. Transit and other related planning, research, and development activities are also eligible uses of STBG funds. CYMPO programs STBG funds for primarily planning studies, but has the ability to contribute these funds to aid potential construction projects. The funds require a 5.7% local match, which is provided by the local governments in hard dollars or in-kind.

# **Consolidated Planning Grant (CPG)**

**CPG** is a new funding source that combines the awarded PL and 5305(d) funds into one combined source. These funds combined are subject to a 5.7% match provided by local governments.

# **Metropolitan Planning Funds (PL)**

**PL** funds have a required 5.7% match provided by local governments. The distribution of PL Funds is accomplished through a formula developed by ADOT in consultation with the MPOs and must be approved by the FHWA.

# Federal Transit Administration (FTA) Funding (Sections 5300s)

FTA funds are secured annually through the FTA Metropolitan Planning Program Section 5303/5305d, which are now distributed as Consolidated Planning Grant funds. FTA funds are designated for transit planning and research activities. The funds require a 20% local match, which is typically provided by local governments in hard dollars or in-kind. In addition, other federal or state funding that is not specifically designed for planning activities can be allocated for planning purposes. In those cases, funds such as FTA Section 5304, 5305 (e), 5307, and 5310 will be shown in the budget tables.

# Matching Funds

When at all possible, CYMPO will use in-kind contributions for match. On a monthly basis, the MPO staff tracks the time spent by local governments: City of Prescott; the Towns of Chino Valley, Dewey-Humboldt, and Prescott Valley; and, Yavapai County on MPO projects and meetings. The time reported is specific to the UPWP task and date. Matching contributions can also be made in the form of facilities and support services provided to CYMPO. The contributions reported are accumulated over a 12-month period and is used as applicable match for all funding received.

# Carry-Forward Balances

Carry-forward funds occur when CYMPO does not expend authorized and/or allocated funds in the current and/or prior fiscal years. Carry-forward funds are combined with the annual Unified Planning Work Program budget for the new fiscal year to determine CYMPO's available fund balance for the upcoming year. At the end of fiscal year 2021, CYMPO anticipates the PL, SPR, 5305d and STBG funds will have carry-forward balances as indicated in the table below.

| PL Carry-Forward Balance from FY21    | <mark>\$ 15,253</mark> |
|---------------------------------------|------------------------|
| SPR Carry-Forward Balance from FY21   | <mark>\$12,901</mark>  |
| 5305d Carry-Forward Balance from FY21 | <mark>\$ 66,046</mark> |
| STBG Carry-Forward Balance from FY21  | <mark>\$16,132</mark>  |

\*The above table reflects estimates for carry forward balances anticipated for July 1, 2021. Any carry-forward funds for PL, SPR, or STBG will be programmed for future planning studies under Task 202 Special Planning Studies.

# Work Element: 200 Regional Planning Projects

The CYMPO Executive Board adopted the original Regional Transportation Plan (RTP) in 2006. In April of 2020, the CYMPO Executive Board adopted the 2045 RTP, which has added an element of policy and recommended investment choice to the traffic modeling. The 2045 CYMPO RTP Update identified 60 projects including 25 Modernization projects and 35 Expansion projects, which are listed in the table below.

In response to the list of projects identified in the 2045 RTP, the CYMPO TAC will recommend future planning initiatives to the CYMPO Executive Board.

# FY 2022 – FY 2023 Proposed Activities

- Initiate and/or contribute to planning and construction projects approved for the Rural Transportation Advocacy Council (RTAC) one-time funding for Greater Arizona.
- Initiate additional planning and technical evaluation projects based on the 2045 list of projects.
- Complete Sundog Connector Design Concept Report (DCR) & Environmental Overview
- Complete State Route 69 Urbanized Corridor Master Plan
- Complete State Route 89A Design Concept Report & Environmental Overview
- Utilize updated traffic modeling and recommendations from the 2045 RTP to collaboratively develop short, mid, and long-range planning priorities for the CYMPO region and incorporate those priorities into the CYMPO planning processes
- Continue to work with member agencies to ensure Highway Performance Monitoring Systems (HPMS) data is provided to ADOT on a regular basis.

# FY 2020 – FY 2021 Accomplishments

- Considered and selected various project recommendations identified in the 2045 Regional Transportation Plan (RTP)
- Completed SR69/SR169 Intersection Alternative Selection Analysis
- Completed SR89A/Robert Road Intersection Alternative Selection Analysis
- Began Regional Adaptive Control Technology (ASCT) Assessment of Need, Benefit, and Implementation Plan
- Worked with member agencies to ensure Highway Performance Monitoring Systems (HPMS) data is provided to ADOT on a regular basis.

# Work Element: 400 Coordinated Mobility Management

The objective of coordinated mobility management is to develop and provide program and/or project support for mobility planning efforts, including the development of a Coordinated Public Transit/Human Services Transportation Plan.

From June of 2019 through September 2021, NACOG has managed 5310 Mobility Management funds and activities on behalf of the entire Yavapai County, including the CYMPO region on CYMPO's behalf. Beginning October 1, 2021, CYMPO will regain the responsibility of providing mobility management in the CYMPO region for the purpose of increasing transit coordination and identifying potential transit growth opportunities within the CYMPO region. As part of this initiative, CYMPO will hire a Transit Planner to oversee the mobility management efforts in the CYMPO region and will apply for 5310 Mobility Management funding for the next open grant cycle.

Through working with the Local Coordination Committee (LCC), CYMPO will provide continued support to address topics of mutual interest and benefit to local human services providers. This Committee includes the region's transportation providers, human services agency administrators interested citizens, and CYMPO staff.

CYMPO, ADOT and the providers of public transportation will cooperatively work together in developing and sharing information related to data, performance targets, and reporting for the region in accordance to 23 CFR Part 450.314(h).

Beginning in January of 2021, the Town of Prescott Valley is pursuing CARES Act funding to develop and implement a phased micro transit/demand response transit program. CYMPO will provide support to the Town is areas such as planning and networking as needed.

#### FY 2022 - 2023 Proposed Activities

- Monitor federal, state, and local legislation and policy activities
- Provide ongoing staff and technical support to the Local Coordination Committee
- Coordinate training/workshops for transit and human services agency staff
- Act as the regional mobility planning liaison for ADOT, assisting with outreach, coordination, and application review
- **Provide** technical assistance to public and private transportation programs

- Collaborate with FTA and ADOT regarding funding and eligibility requirements for grant and financial management
- Assist NACOG with exploring and initiate individual elements of the Coordinated Public Transit

   Human Services Transportation Plan, in partnership with Local Coordination Committee, such as information and referral, van pool, ride share, and others as identified in the final adopted plan
- Develop a Coordinated Public Transit Human Services Transportation Plan for a 3-year plan related to transportation services and coordination opportunities with existing for profit and non-profit providers. This document also serves as CYMPO's Coordinated Human Services and Public Transit Plan. CYMPO will continue to utilize the Coordinated Public Transit – Human Services Transportation Plan to implement coordination and mobility management projects as identified in the final study
- Assist human service organizations in making more efficient use of capital and operating resources for specialized transportation
- **Provide** a continuous, cooperative, and comprehensive transportation planning process throughout the CYMPO region

# FY 2020 – FY2021 Accomplishments

- Assisted NACOG in facilitating the Local Coordination Committee activities including, but not limited to, areas such as information and referral, dispatch/scheduling software, and training opportunities
- Assisted NACOG with developing a Coordinated Public Transit Human Services Transportation Plan for a 3-year plan related to transportation services and coordination opportunities with existing for profit and non-profit providers. This document also serves as CYMPO's Coordinated Human Services and Public Transit Plan. CYMPO will continue to utilize the Coordinated Public Transit – Human Services Transportation Plan to implement coordination and mobility management projects as identified in the final study
- Partnered with the Maricopa Association of Governments (MAG) under a grant application from the Weinberg Foundation to create a rural transportation incubator to provide new and strengthen existing transportation services for elderly/disabled populations in need of transportation.
- Partnered with NACOG to perform joint Mobility Management activities across all of Yavapai County to promote an increased level of coordination including implementing projects as recommended in the 2017 Regional Mobility Management Plan.

# O-Zone Non-Attainment Boundary Determination

CYMPO continues to monitor the non-attainment boundary process with ADEQ. CYMPO is currently considered in attainment, but only at a level of 0.069 parts per million compared to the established non-attainment level of 0.070 parts per million.

This type of determination could have a significant impact on the region's projects in the future. Should the air quality levels reach the 0.70 level in the region, CYMPO would be required to take on air quality evaluation and monitoring as part of the transportation planning and development process.

CYMPO Staff will stay involved in monitoring any changes that may result in the requirements for project development moving forward. The implementation of countermeasures in the region to keep CYMPO within the attainment goal are considered.

#### FY 2022 - 2023 Proposed Activities

- Continue to support bicycle/pedestrian activities by assisting CYMPO members and community agencies with alternative programs
- Work on multimodal activities including implementation of the Transit Implementation Plan (TrIP)
- Work closely with the local governments within the MPO and other surrounding areas to support environmental planning
- Work with the Governor of Arizona, ADEQ, ADOT, FHWA, and Local Public Agencies on the Ozone Non-Attainment Boundary and implementation of mitigation measures as may be required or recommended
