

# CENTRAL YAVAPAI ACT-UP

## PLAN OVERVIEW

Produced in partnership with Central Yavapai Metropolitan Planning Organization's (CYMPO) member agencies, the Central Yavapai Active Community Transportation- Unified Plan (ACT-UP) aims to help develop a nonmotorized transportation network that links communities, provides travel options, and supports broader regional health, mobility, and equity goals. Working with local jurisdictions, ACT-UP will help improve, expand, and connect the region's active transportation system.

The plan will improve the network by:

Identifying networks of bicycle routes and improved bicycle facilities.

Focusing on safe walking access.

Identifying connections to transit facilities.

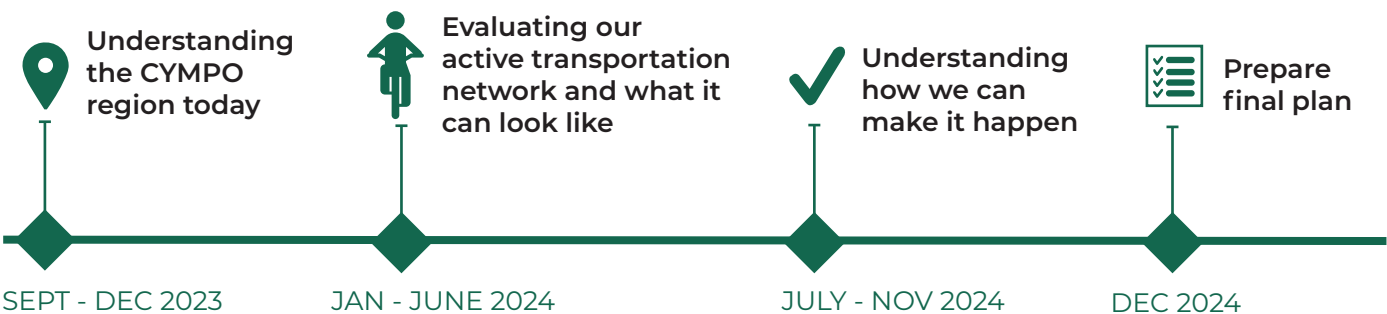

Enhancing connectivity to off-street trails.

Examine walking and bicycling facilities near schools to improve the safety of students and their families.

## PROJECT SCHEDULE

### WE WANT TO HEAR FROM YOU!

To make this plan a success – your input is needed. Your feedback will be critical to the development of the plan and will help shape recommendations. The ACT-UP website will regularly be updated with surveys and other opportunities to voice your input.
